### **Scheuten Solar extends high quality product portfolio**

From April 2010, Scheuten Solar will supply the new high quality Multisol® P6-60 series as an addition to its Multisol® product portfolio, which covers a power range with only positive tolerances from 190 Wp – 260 Wp in 5 Wp steps. With this complete range of high quality German made solar modules, Scheuten Solar offers an optimal solution for every application.

The new Multisol® P6-60 module has a power range of 215 – 230 Wp and comes with Scheuten's leading warranty conditions: a combination of best-in-class 10 year product warranty and a 25 year power output warranty with a linear diminution. This extended power output guarantee equals 1.5 year of extra energy production over a 25 year period. The new series features a very rigid black anodized aluminium frame combined with a black back foil. This combination gives the new module a sleek and modern design targeted for use in the residential segment.

"Based on over twenty years of experience Scheuten Solar modules are characterized by their long service life, above average yield and excellent workmanship. The introduction of the new Multisol® P6-60 covers the gap in our total assortment of high quality modules. We are able to offer our customers a solution for every application they can think of", stated Evert Vlaswinkel, Chief Commercial Officer of Scheuten Solar.

- END -

***Scheuten is a leading and fast growing international high volume manufacturer of total solutions in glass and solar energy systems with its head office in Venlo. Scheuten employs a staff of nearly 1800 and achieved a turnover of 407 million euro in 2009.***

***Scheuten Solar is a global player in designing, manufacturing and applying photovoltaic solar modules. Since Scheuten Solar was set up in 2000 it has evolved into a fully-grown organization boasting specialists in the fields of solar technology, manufacturing, project development and project realization. By managing every stage of the solar value chain Scheuten Solar guarantees the quality and performance of all products.***
